

Environmental Policy

EM 01 - rev 1; April 2011

BPC Interiors Ltd is a specialist ceiling contractor operating mainly on large building projects managed by large main contractors.

It is the company's policy to operate and maintain its operations in a manner that is professional and ethical with due regard to social and environmental responsibilities.

This policy applies to all activities undertaken by BPC Interiors Ltd

BPC Interiors is committed to prevent pollution and comply with all applicable legal and other requirements. We will strive to continually improve our environmental performance and meet the following objectives:

- To regular monitor our environmental performance.
- To review regularly our progress towards achieving our goals.
- To support the Considerate Contractors scheme or equivalent initiatives.
- To be a good neighbour and take measures to control noise pollution.
- To minimise the use of utilities and materials.
- To minimise the amount of waste generated by our operations and ensure that materials are reused or recycled where practicable, or disposed of in a responsible manner.
- To work with our main contractors to encourage the design and construction of more sustainable buildings
- To develop selection criteria for our suppliers based on their environmental performance.
- To minimise the emissions to air from vehicles.
- To ensure that all employees and contractors are made aware of the environmental aspects and give training where required.
- To maintain our environmental management system within the general principles set out in the international standard ISO 14001
